mr. & miss viking

Mr. and Miss Viking are the names won respectively by that boy and girl, in the High School and on the Yearbook Staff, who have sold the highest amount of advertising for the School Annual.

The significance of the service which these two individuals have rendered to the school can be fully realized only if we recall that the yearbook costing over a thousand dollars is financed completely through advertising, patrons, and sales of the books.

The Editor and Staff congratulate Alice Love and Leroy Shaw, the winners of these honors for 1961.

CLUBS

Pep Club

These are the members of the first Inkster High School pep club. They are all volunteers who have assumed the responsibility of aiding in an organized manner, the cheering squad and the student body in general toward boosting school spirit.

Biology Club

The members of the Biology Club are teaching us through practice as well as precept the values of the biological science. The organization produces, develops and preserves life in its new Greenhouse. All of us take pride in the artistic arrangement of new shubbery around the school by the club.

Varsity I

The High School is justly proud of its Varsity-I- Club. This club is composed of the Athletes who have won a Varsity letter in a major sport. The club stands for good sportsmanship, clean living and creditable scholarship.

Office Assistants

The public sometimes wonders how a large high school can keep up with its many records, tremendous typing, and publication of notices. Schools could not employ a staff large enough to adequately do these duties. Office assistants provide the answer. The office assistants themselves in this way, get valuable practical training for the business world.

We, the students and faculty of Inkster High School, are very proud of our 1961 Football Team. This pride comes from the fact that the members of the team kept themselves in good physical condition throughout the season and good sportsmanship was practiced by the fellows in every game.

There is one game that the students want the team to win each year; this is the game with Inkster-Roosevelt. The students are anxious to win the game because so many of their friends and relatives attend Inkster Roosevelt High School and you know how we enjoy saying to our friends, "Oh, our team was the better team this year!" The Vikings won the Homecoming game this year.

I. McKay and
E. Wesley.

IF YOU ARE GOING ON TO COLLEGE YOU NEED THESE FOLDERS

You will find these folders helpful in planning the financial part of your college career. The Plan folder tells how NBD loans money for college expenses with up to six years to repay in monthly instalments. Check List is a handy form for listing personal expenses so often overlooked when preparing a college budget. Typical costs are shown as a guide for figuring your own. Both or either folder will be mailed on request.

going to live better than  ever before ... electrically!

You, today's graduate, are entering an exciting new era where you will live better than any generation has ever lived before—the era of all-electric living.

Your all-electric home for example, thanks to time-saving electric equipment and appliances, will allow you and your family more time to enjoy life together.

Your job will be smoother too. Electricity, in everything from office equipment to heavy machinery, will lighten your work—make it more enjoyable.

If you decide on further education, your field of study may well be related to electricity. Perhaps someday, as a scientist or technician, you will even lend your knowledge to further mold the all-electric world of tomorrow.

But wherever the future finds you, whatever your place in life, electricity will be there to help you live better than ever before—live better electrically.

"There's a girl I'd like to know"

"She has so much poise and confidence—I'll bet she works for the telephone company. Those girls are so attractive and have such friendly, pleasant manners."

They're talking about Lucy, who started working for Michigan Bell right out of high school. She was trained by friendly, understanding supervisors and today she's proud of her work; enjoys a fine salary, regular wage increases, and many new friends.

Lucy was delighted from the very first by the clean, pleasant surroundings, by the regularly scheduled mid-morning and midafternoon "breaks" for relaxing in comfortable lounge rooms, and by the opportunities for advancement.

Isn't that kind of job worth going after? Then why not get in touch with us—perhaps there's a telephone job for you. We'll be happy to talk with you about the interesting work at Michigan Bell.
